On re-right: Times Syndication Service Vodafone India, the country's second largest service provider, acts as a wholly owned subsidiary of the UK-based Vodafone group. Vodafone started operations in 2007 after Vodafone Plc acquired a majority of Hutchinson Essar.Mumbai-based Vodafone, which operates in all 22 areas of telecommunications services with more than 200 million subscribers in 2G, 3G and 4G technologies. Telco, to strengthen its game in the home broadband segment, had acquired the Internet service provider YOU Broadband in April 2016. Vodafone Business Services offers common telecommunications solutions for businesses and government. Telco was temporarily mobile phone-based money transfer service M-Pesa in cooperation with ICICI bank 2011.Vodafone's popular mobile financial service M-Pesa can be charged using a bank account, credit or debit card. M-Pesa started Kenya operations a decade ago under the umbrella of Safaricom, the Kenyan arm of UK-based Vodafone. The platform, regulated by kenya's central bank, gives non-bank users access to financial services through partnerships with local bankers. In March 2017, Vodafone and Idea Cellular approved the merger with the aim of creating the world's second largest and India's largest telecommunications provider. Vodafone has mobile service operations across 26 countries and has partnerships with mobile networks in 57 countries. With its Corporate Social Responsibility (CSR) wing of the Vodafone Foundation, the telco operates in various areas such as education, health and wireless access. It leverages mobile technologies for m-women, m-education, m-health and m-agriculture initiatives, and work together with charities, development agencies and the community to promote social change in India. The telco also focuses on disaster relief and runs World of Difference – a unique employee engagement program.
